

AS400 Modernization – ASNA Wings

*We help clients adopt to technologies
that makes their business better!*

Client Summary

- Client is an American furniture, mattress, electronics and appliance store chain headquartered in The Woodlands, Texas, United States
- Their annual turnover is US\$ 1 billion and employees over 5000 people

Executive Summary

A 125 years old company founded in Texas. One of the top consumer goods retailers with more than a Billion USD revenue.

Problem statement

It has 120 + retail stores across the United States using Synon / RPG green screen in POS.

It was not user-friendly, extensive usage of function keys, terminal emulator, difficult & time consuming to train sales reps.

Company Spent nearly 7 million USD for oracle forms to integrate AS400 server which was not successful.

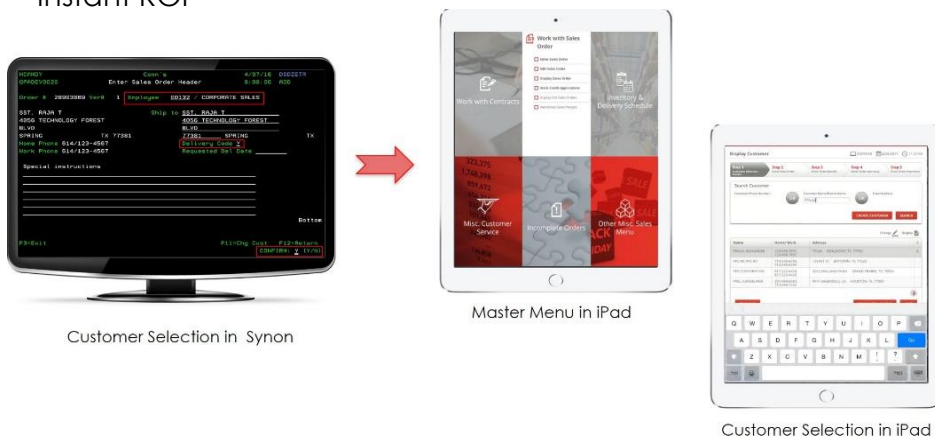

Solution

SrinSoft modernized using **ASNA wings** with following features

- Browser-based POS application
- Faster billing with quick drop-down product search
- Mobile compatible
- Modernized User Interface integrated with AS400

Benefits

- Instant billing across the retail floor using iPad
- RPG business logic and DB access remain unchanged
- Less than 10% of total cost compared to Oracle forms
- Instant ROI

Payment selection and order completion
